Emmet

- Editor may have "snippets"
    - Define expansions of known content
- Emmet is a generic standard
    - For HTML and CSS (and lorem ipsum text)

https://docs.emmet.io/

Lorem Ipsum

Fake text

- Taken randomly from an old latin speech
- See how a layout looks with "text-like" content
- Real content is always better
    - But rarely available at design time
- Many tools to generate "lorem text"
    - In-editor or websites to cut/paste
